COMMENTS ON STATEMENT OF REASONS FOR ALLOWANCE

Commissioner of Patents and Trademarks  
Washington, DC 20231

Dear Sir:

The below comments are submitted on the statement of reasons for allowance contained in the Notice of Allowability dated March 14, 1995:

Applicants agree that the allowed combination of structure set forth in the claims is patentable over the cited references. Applicants would like to point out that it is the claimed combination of structure that renders the present invention patentable. Consequently, the statement in the above-mentioned Notice of Allowability to the effect that the Examiner has placed "major emphasis" on particular individual elements of the claims cannot legally be taken to contradict the axiom that it is the invention "as a whole", without any particular emphasis on any particular element, that has satisfied the conditions for patentability; 35 U.S.C. §103; Hybridtech Inc. v. Monoclonal Antibodies, Inc., 802 F.2d 1367, 231 U.S.P.Q. 81 (Fed.Cir. 1986).

CASE NO.: 1022.003A

Issue Batch No.: J92

Date of Notice of Allowance: March 21, 1995
